

BSIERP Lead PI teleconference

8 January 2008

Notes

1. Discussed matching of field data and models
2. Discussed Alaska Marine Science Symposium workshop agenda and produced the following draft agenda

Draft workshop agenda (1/20, 2-5 pm)

- a. Matching field data and models (Kerim Aydin and Nick Bond), including data templates (Ken Coyle)
- b. BEST overview (Carin Ashjian)
- c. Integration of BEST and BSIERP (Mike Sigler)
- d. Titles of the papers that will be written (request before the start of the workshop, tell PIs to look at their detailed study plans)

Workshop goals

Understand interface between modelers and data collection

List titles of the papers that (PIs) will write

Next meetings: 2/12, 3/4 (9 -1030 am)

Agenda item for 2/12 meeting: 1. Work plans for each project area (each lead PI briefly describes work plan for year)

In attendance - Kathy, Nancy, Henry, Franz, Anne, Andrew
